

Lutheridge Conference Center and Camp Safety and Follow-up Procedures

We look forward to your upcoming retreat. We appreciate your cooperation in helping to prepare for an enriching time and place apart at Lutheridge.

Insurance

Each participant is responsible for all charges associated with an accident or illness that may occur while at Lutheridge. Lutheridge+Lutherock Ministries does not provide sickness insurance to guests or campers. The guest's insurance is primary along with the insurance of the church or sponsoring group. Call 828-684-2361 and ask for Guest Services with any questions.

Emergency Facilities

The recommended emergency facility is Mission St Joseph's Hospital, located just outside downtown Asheville (828-213-1111). To reach Mission St Joseph's from Lutheridge; turn left out of the entrance onto Hwy 25/Hendersonville Road. Continue straight on Hwy 25 into Asheville. Go straight at the fork in the road (TGI Fridays will be on your left and Biltmore Village will be on your right past the intersection). Continue straight and Mission Emergency Room will be on your left.

Reporting Accidents or Incidents

We want your time at Lutheridge to be as safe as possible. However, in the event that an accident occurs, or there is an incident that staff needs to be aware of, you are asked to complete an Accident/Incident Form available from Guest Services. It is important that you share the completed form with the Guest Services staff person before you leave Lutheridge, so we can provide the necessary assistance and follow-up.

Thank you for your assistance! We look forward to your time at Lutheridge Conference Center and Camp.
