

## Ski LEAPs at Lutherock

We are glad you will be joining us for the ski LEAP at Lutherock! Below is some information to frequently asked questions about ski LEAPs. We look forward to having you with us!

**HOUSING** for the weekend is in the Moretz Lodge.

The Moretz Lodge has four separate sleeping areas. Each sleeping area has five sets of single bunk beds. Each sleeping area is equipped with its own bathroom including a shower, sink, and toilet. All four sleeping areas open up to a main room with a full kitchen. Each sleeping area also has access from the outside, although the main entrance comes in to the main room.

**Please note the number of spots that have been reserved for you. If you do not need all your slots, please contact our offices as soon as possible to release the space so that we may open it for another group.**

**The sleeping capacity for the Moretz Lodge is 40 people. Please keep in mind; depending on your male/female breakdown, some of your youth could be sleeping in a room with youth from another church. Or they may decide to sleep on the floor in the rooms set aside for your group. WE HAVE RESERVED ONLY THE NUMBER OF SPOTS YOU HAVE REQUESTED.**

**SUPERVISION:** Group leaders will need to provide overnight supervision for all their participants. The American Camping Association recommends a ration of 6 or 8 youth to 1 adult.

**TRANSPORTATION** to and from the ski slopes is the responsibility of the group. We will caravan to the slopes, but Lutheridge+Lutherock is unable to provide transportation for all ski LEAP participants.

**MEALS:** All ski LEAPs include Saturday breakfast and dinner, and Sunday breakfast. Dinner on Friday is not provided because of the different arrival times of groups. Saturday lunch is up to the group as that is while they are on the ski slopes. We recommend purchasing meal tickets with your ski rentals.

**SKIING COSTS:** You have (or will) been provided with a ski worksheet. The numbers turned in for a group is final. However, we can usually acquire additional tickets and rentals and make general changes up to 3 business days before your arrival. **Lift tickets are non-refundable.** They are printed for that specific date and cannot be transferred to another weekend. If you have a late cancellation and we cannot use the lift ticket for another group that will be attending the same weekend as your group, the cost for the lift ticket will be charged to your group. **Please remember, participants can ski or snowboard, but not both.**

**WEATHER POLICY:** Lutheridge+Lutherock does not close unless the highway department closes the roads to us. However, because of the difference in elevation, there are times when there is ice on the slopes or the weather has been too warm for snow. In those rare times, we still plan for activities. If skiing is not available, our staff is still ready and waiting for your group to come and experience a LEAP weekend at Lutheridge or Lutherock. While we are happy to move your group to another ski weekend, complete cancellation of the reservation, when activities are still planned for the weekend, will follow our regular cancellation policy.
